

The Importance of Partnerships and Prioritization

John LaBrecque
Vice Commissioner, IUGG GeoRisk Commission
NASA (Retired)

The GGOS Geodetic Observing Themes

GGOS Planning Meeting 2010, Miami, Florida, February 1-4, 2010

Theme 1: Global Unified Height System-

IGS contribution: Reference Frame

Theme 2: Geohazards (global Earth surface deformations and strain rates for geohazards assessment and disaster prevention) –

IGS contribution: RTGNSS/Multi-GNSS

Theme 3: Sea-Level Change, Variability and Forecasting –

IGS contribution: Reference Frame
